

# Residential Aged Care

at the new Blue Haven Bonaira

**BLUE HAVEN**

Providing quality aged care services since 1979

See our website for all floorplan designs.

## Come home to a new lifestyle

**Blue Haven Bonaira's brand new aged care village sets a new benchmark for comfort and quality – with 134 beds across eight purpose-built care houses set amongst beautifully landscaped grounds.**

### A new way blueprint for residential care

Completed in 2019, the Residential Aged Care Home is actually eight homes in one – with two dedicated specifically to dementia care and all named after popular flora such as “Wattle”, “Figtree” and “Banksia”. Each home comprises its own ‘household’ – including servery, open plan dining/lounge, TV room and balconies with views of mountains or the sea. Residents can also enjoy access to the stunning atrium garden, private visiting rooms, a community hall, wellness centre, onsite hair salon, chapel and village café.

### The suite life

Each of Bonaira's eight homes cares for between 15 and 18 residents and offers five types of modern suites to suit needs and budget. All suites have been built with the same high-quality workmanship and feature the following:

- Air conditioning and louvre windows
- Telephone/internet access
- Ensuite bathrooms
- King single adjustable beds
- Pressure relieving mattresses
- Convenient over-bed tables
- Interior designed furnishings
- Feature wallpaper and timber-look floors
- Built-in wardrobes and shelving

- Wall mounted bed lamps
- Wall mounted 42-inch flat screen smart TVs

In addition to this, some premium suites offer kitchenettes, designer carpet, larger floor space, balconies and private patios.

### Genuine peace of mind

Blue Haven Bonaira is proud to offer the “Haven” model of care that gives residents greater dignity and choice throughout their day, including wake times, showering and meals. Chef-designed, dietician-approved meals are produced fresh onsite every day, with three daily menus as well as snacks, tea and coffee available at all times.

Innovative way-finding techniques encourage safe wandering throughout common areas including the courtyards and gardens. Each suite also features a modern 24/7 nurse call system as well as other

innovative touches including larger switches and high contrast skirting edges for those with vision impairments. All this within a secure village that is professionally staffed around the clock.

### A community that cares

The new homes at Blue Haven Bonaira put residents first by offering ‘the best of both worlds’ – dedicated support and specialist care alongside independence and social interaction. Regular activities take place in the onsite hall, while the community bus provides access to Kiama and social outings. It's an exciting new lifestyle – and it's available now.
